## ORIGINAL

### Recycling bin with Information panels R1-R3

**Description:** Well visible outer walls made of stainless steel. Front openings, suitable for unprotected/ outdoor areas. All doors contain transparent plastic panels for individual design or the option to use and them as advertising space. An integrated, theft-proof ashtray or flat cover on the top is a standard equipment.

**Safety:** The ashtray/cover is secured by a snap mechanism.

**Handling:** The galvanized inner liners swing out wide when the doors are opened. For the 80 L version the inner liner is simply pulled out forward. The waste bags can now easily be changed. The snap lock allows the door to be closed and locked without a key.

**Handling of the information panels:** Open the door and unscrew the Phillips screws in the upper frame on the lock side. The frame can now be opened and posters can be exchanged.
