SPECIAL

Single bin S150R

Description: Self-supporting, straight exterior walls incl. rounded corner profiles and a cover construction made of stainless steel, fastened with a galvanized interior construction, provide great stability. The funnel-shaped opening on the top of the container guides the waste into a bag holder.

Safety: The snap lock protects the container against unauthorized access.

Handling: The bin is emptied through the large front door, which is opened with the provided key. The waste bag is attached to an extendible bag holder.
